

The Naz Foundation International is a not-for-profit company limited by guarantee, registered in England and Wales (registration number 3236205, registered office is Palingswick House, 241 King Street, London W6 9LP, UK), and a charity, registered in England and Wales (registration number 7057778)

Naz Foundation International was formed in August 1996 to provide support to work with poor and stigmatised men who have sex with men in the Indian sub-continent and elsewhere in Asia to ensure that they have access to HIV/AIDS prevention, care and support services. In a region already suffering from a significant epidemic, where in India alone there are more than 5 million people living with HIV, and every day hundreds become infected, where poverty, lack of education, and no resources means that thousands have no access to any

Since 1996 we have helped develop 95 grass roots organisations working with this population providing HIV prevention, care and support services, and who over the years have reached 1.5 million people. But there is much more to do, if we have any hope of conquering this epidemic that is destroying so many lives and families.

Millions of poor people are at risk because of a lack of knowledge, a lack of condoms, a lack of counselling and support to help them reduce their risk.

Receiving HIV education at a drop-in centre managed by a project in India supported by NFI

Forced to sell sex because of extreme poverty, many young people are at risk because of a lack of knowledge and the tools to prevent HIV. NFI helps organisations working with such vulnerable people

You can help us. A small donation of £10 (ten pounds) a month would help to ensure that 200 people who are at risk of HIV receive education, counselling and support.

Please support our work.

Thank you

Shivananda Khan OBE
